

# Clermont Transportation Connection

- ▶ FTA has annual apportionments to Urbanized Areas
- ▶ With more than one transit provider, money has to be split among the transit providers
- ▶ This is based upon a formula basis-
- ▶ Population
- ▶ Population x Density
- ▶ Bus Revenue vehicle miles- buses operating open to the public
- ▶ There are other criteria- some of it discretionary- high ridership, etc.

# CTC OKI FY2021 Apportionment
